Patent and utility model (of the managing director):

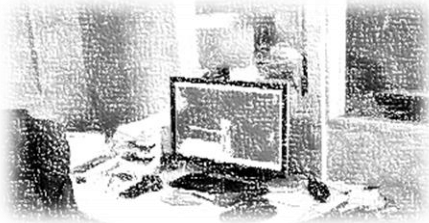

Utility model - 20 2023 000 656.2- Ent- Unlocking and locking system of adjustable railings

Patent - 10 2007 004 767.5 - Backrest for a vehicle seat with a tilt-adjustable backrest head (BMW AG)

Patent - 50 2008 014 835.3 - Backrest for a vehicle seat with a tilt-adjustable backrest head(BMW AG)

Patent - 10 2014 219 867.4 - Comfort headrest and seat with a comfort headrest (BMW AG)

OWN DEVELOPMENT

Ideas
concepts
Drawing up

OWN CAD und CAM

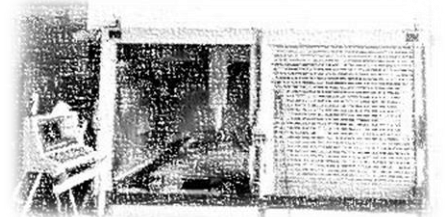

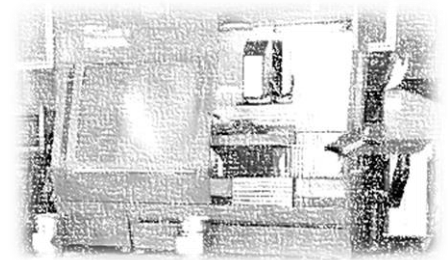

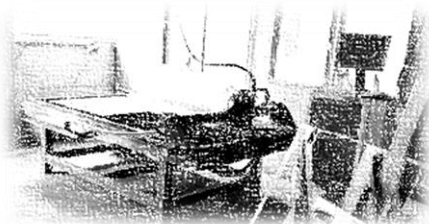

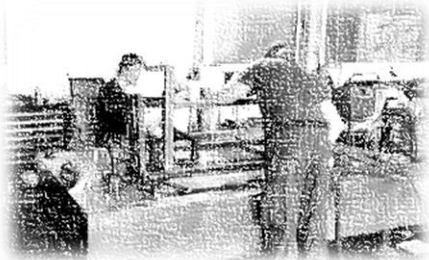

CATIA V5 - Design
HyperMILL - CNC programming
PowerInspect – 3D measurement

OWN PRODUCTION

CNC milling steel and aluminum
CNC model making milling
CNC Plasma cutting
3D measurement
Welding WIG + MIG

OWN ASSEMBLY

Assembly with torque logging
Product lineup for the customer
Building our products on site at the customer's site
Checking and recording the assembly

BMW

BMW

PORSCHE

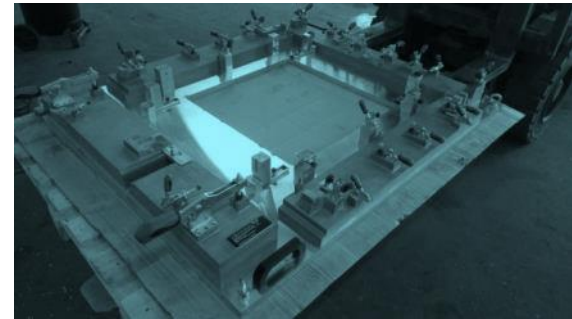

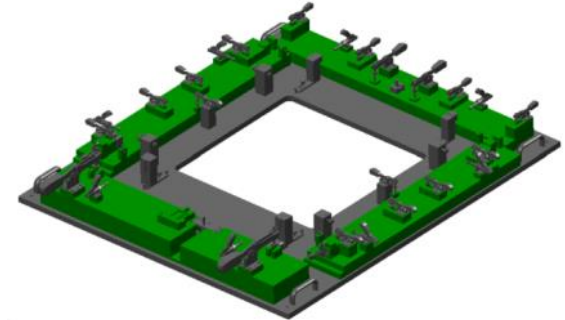

SKODA

PORSCHE

Automotive → Measuring gauges for plastic parts
